Lions are recognized worldwide for the service to the blind and visually impaired. This service began when Helen Keller challenged the Lions to become "Knights of the blind in the crusade against darkness" during the association's 1925 International Convention. Today, in addition to their international Sight First II program, Lions extend their commitment to sight conservation through countless local efforts.

Lions are also involved in a variety of other activities to improve their communities and help people in need, such as assisting the hearing impaired, providing diabetes awareness and education materials, working on environment projects and developing youth programs. Our programs are continually changing to meet new needs and greater demands, but our mission has never wavered: "We Serve."
